Dear Donation Coordinator,

On behalf of ABADÁ-Capoeira Marin ("ACM"), I would like to invite you to sponsor our sixth annual Graduation Ceremony (or "Batizado") on June 9, 2024 in Kentfield. The event will attract approximately 300 local attendees and participants and will be promoted throughout Marin County beginning in early March until July.

As a sponsor of our event, your organization will be promoted via specially-designed t-shirts, programs, social media, flyers and posters throughout Marin County before and after the event. Qualifying donations are tax-deductible.

Capoeira is a unique and culturally rich martial art that incorporates music and rhythm with acrobatic movements in which performers fly through the air. It originated in Brazil during the 16th century. Capoeira is the world's fastest-growing martial art. ABADÁ-CAPOEIRA MARIN is a non-profit organization dedicated to providing both a dynamic martial arts program but also numerous social programs to benefit our community. My colleague Diego Freitas (Professor Prego) and I currently teach 30 adult and children's classes per week at our home studio in San Anselmo and we teach capoeira at various Marin County schools and community centers.

The Batizado is an inspiring event in which new students receive a capoeira nickname and are "baptized" by playing a special game of capoeira with a high-ranking player. This year's theme will be a celebration of The Impact of Capoeira in Marin County, our local community. Our event will feature dazzling performances by several luminaries of capoeira, some of whom will be traveling from Brazil, Germany, Mexico, Canada, Puerto Rico to participate. Your donation will fund the travel costs for these elite performers. We would be immensely grateful for your support and we hope to see you on June 9th! Sponsorship details are attached. Thank you!
